EXPERIENCE

Web Developer (ExpressionEngine)

Knowledge Services/TDEC | Jan 2018 - Oct 2018

- Overhauled TN State Parks website to utilize new version of ExpressionEngine CMS and its new features, applied a new style build system, and increased SEO functionality for better performance.
- Performed duties as a subject-matter expert in the ExpressionEngine CMS, guiding other developers through upgrades, purchasing and upgrading add-ons, and developing new functionality.

Software Developer

Southern Hobby Supply | Sept 2017 - Dec 2017

- Helped SHS launch a new web site by handling a 3rd party vendor and performing maintenance and development in this vendor's extension of the open source OSCommerce PHP ecommerce system.

Junior Web Application Developer

Omaha Media Group | Mar 2016 - Aug 2017

- Learned ins and outs of the ExpressionEngine CMS from some of the leading developers writing both with and for the software
- Churned out high-quality and tested web sites in ExpressionEngine on a biweekly basis, engaged with clients for revision and support needs
